

MBT 4250 EUROSISTEM

BRAKE TESTING TECHNOLOGY

MBT-SERIES

VP 410153

Roller-Brake-Tester up to 13000 kg axle load

DESCRIPTION:

Test lane-enabled roller brake tester for lorries with an axle load of up to 13 t

- Divided design supplied as standard for installation in a working pit enables a high level of flexibility with regard to the area of use
 - The dimensions offer the best testing opportunities for standard cars and lorries
 - Visualisation of measured values, difference and graphics on monitor display
 - Test lane-enabled thanks to possibility of connecting MSD 3000 / MINC / TPS EURO floor units
 - Comprehensive package of functions for professional testing, such as:
 - Delayed automatic switch-on after entering the tester
 - Automatic start-up monitoring supplied as standard to avoid tyre damage
 - Automatic slip cut-off with pointer stop and automatic restart already included as standard
 - Automatic exiting aid supplied as standard to enable the driven axles to conveniently exit the tester
 - Automatic cut-off after exiting the tester
 - Single-wheel switching for differentiated consideration of each wheel
 - Intuitive-to-use EUROSISTEM software for the highest expert standards with:
 - Round instrument display for the braking forces Additional displays for difference, decelerations, and optional scale and force sensors.
 - Integrated user guidance with easy-to-understand user instructions
 - Continuous and graphic real-time display of all the measured values using the reference values time and force.
- EUROSISTEM supplied as standard with integrated SQL Server Express database
 - Multi-user capability option for productive allocation of the individual work packages to several workstations.
 - Easy to connect additional devices such as MLT 3000 to EUROSISTEM
 - Configurable test report with all the measurement and evaluation results of the tests performed on a single print-out
- ◆ Robust and long-lasting design due to:
 - Electronic, temperature-compensated strain gauge system for highly precise measurement results under all environmental conditions
 - Roller surface welded
 - Optional, free plastic coating on the test rollers
 - 32-bit microprocessor electronics for process control and monitoring of all the safety functions
 - Lockable main switch
 - RS 232 interface connection
 - Splash-proof motors work reliably, even under high-stress environmental influences
 - Weighted test rollers with groove ball bearings ensure maximum precision and complete driving comfort and guarantee a long service life for the entire tester
 - Internationally recognised TÜV certificate as per issue 9/2011 of the Verkehrsblatt [German Transport Gazette]
 - Star-delta circuit to avoid high inrush currents
 - RS 2 roller set design with space-saving motor integration underneath the test rollers
 - Rear roller elevated by 40 mm – guarantees highly precise measurement results, particularly for trailer axles.
 - Self-supporting divided roller set
 - Varnished with high-quality powder coating, gentian blue RAL 5010

DESCRIPTION:

MCD 2000 communication desk:

- ◆ Robust and multifunctional metal casing
- ◆ Integrated switch cabinet for housing electronic components
- ◆ Lockable drawer for keypad and PC mouse, plus storage compartment for small items of equipment
- ◆ VESA standard bracket for holding the all-in-one PC or PC monitor
- ◆ Can be extended with optional PC storage compartment or side shelves
- ◆ Varnished with high-quality powder coating: window grey, RAL 7040 (switch cabinet) anthracite grey, RAL 7016 (side faces)
- ◆ Dimensions of communication desk (HxWxD) approx. 1230 x 860 x 350 mm with "printer compartment" option (HxWxD) approx. 1560 x 860 x 420 mm

STANDARD DELIVERY:

- ◆ MCD 2000 communication desk with integrated switch cabinet
- ◆ MBT 4000 RS 2 roller set with preparation for weighing equipment

TECHNICAL DATA:

Axle load (can be driven over)	13000 kg
Test speed	2,3 km/h
Roller length	1000 mm
Roller diameter	202 mm
Roller axle distance	430 mm
Motor power	2 x 9 kW
Fuse gG	50 A
Power supply	3/N/PE 400 V 50 Hz

ACCESSORIES:

VZ 955278	Add-on Kit Directive 2011 Roller Brake Testers	VZ 955255	Wall holder for Simultaneous Display MSA
VZ 930027	Reinforced roller set, 15000 kg for MBT 4000	VZ 955270	Foot for Simultaneous Display MSA
VZ 930047	Re-inforced 11 kW drive motors	VZ 955271	Support f. simultaneous display MSA CLASSIC
VZ 935010	Flush-floor roller set (raised 40 mm)	VZ 910047	Infrared Remote Control IFB3
